

The "WHITE-GLOVE" boxing charge is a fee that **BoilerSupplies.com** must charge in order to protect the glass from breakage during transit. **BoilerSupplies.com** will fully guarantee the glass to arrive unbroken and ready for use. Below is a price chart of the charges that have been added on to the glass during the "add to cart" process. These charges show a breakdown below in 6 & 18 pack quantities along with the length. You are not charged per piece but per 6 or 18 pack depending on the length and the quantity. Example: The box charge for 1 piece is the same as for 6 pieces and the box charge for 7 pieces is the same for up to 18.

PPI 6-PACK

The standard tubular gage glass packaging unit is **6 pieces per case** when ordering standard or non-standard lengths. The 6-Pack was designed to accommodate standard and non-standard lengths ordered by distributors in less than the Duran standard packing of 12 pieces per case. Duran standard and non-standard factory stock lengths or lengths cut to order lengths ordered in less than case quantities are packaged in the 6-Pack. The packaging unit is constructed of single corrugated cardboard with burst strength of 275 pounds which provides ample shipping protection.

U-Board Bulk Pack

The **Bulk-Pack** is recommended for tubular gage glass exceeding 36 inches in length and Duran® tubular gage glass ordered other than in standard factory stock lengths or lengths cut to order or lengths ordered in less than case quantities exceeding 36 inches in length.

The U-Board Bulk-Pack is constructed of double wall laminated cardboard with a wall thickness of .200 inches formed in a U-shape and treated with a moisture resistant coating. Two U-board sections are used for top and bottom with wood end-blocks to form a package or create with **extraordinary strength**.
